20260327_Letter to State Bar of Texas Committee on Disciplinary Rules and Referenda

Good afternoon,

I am writing for a referral to the office most suitable to offer advice on how I, as an attorney, should inform my clients that my computers and telephone equipment have become invaded by a spying presence that appears to be causing harm to my life as retaliation for my political activity in the State of Texas.

I have been honestly informing my clients that I can no longer ethically represent their interests under the circumstances of being illegally spied upon and harmed by criminals inside of the United States government.

I have also been informing them that their flies may have been exposed to an illegal data breach caused by criminals hiding inside of our government.

Will you please direct me to any specific resources that the State Bar of Texas provides to help attorneys that are being targeted by criminal forces with access to state-level spying products?

Thank you for your immediate attention to this extremely important matter.

Kindest regards,

Chris Noel Carlin,
